

Materials & packaging. Requirements checklist.

Record what your collection needs. Fill in the fields digitally or print this checklist.
If a detail is undecided, leave it open for discussion with the SALATI team.

01 Your project

Company / brand

Contact name and email

Garment type / style reference

Intended quantities by style, color and size

Destination and target delivery date

02 Fabric

Fiber composition

Target fabric weight (GSM)

Knit / weave / structure

Color reference

Handfeel and intended use

Physical fabric reference available

Use one checklist per style when material or finishing requirements differ.

Define the finish. Specify the evidence.

Describe the look, feel and performance you need. For documentation, name the exact requirement and what it must cover so the team can check its applicability.

03 Finishing and care

Wash / dye / surface finish

Print / embroidery / other decoration

Artwork size and placement

Care-label content and language

Required performance criteria

04 Documentation

Exact certification or supplier document required

Material / production site / process it must cover

Order-specific documentation required

The final details. Ready for a conversation.

Record your label, packaging and shipping requirements. Review the points below with SALATI, then save your completed PDF and attach it to your enquiry.

05 Labels and packaging

Main label / care label / hang-tag artwork

Individual pack format and material preference

Carton marks and export packing

Shipping method and destination

06 To confirm with the SALATI team

Tick a point after discussing it with the team. These are project-specific confirmations.

- ☐ Material availability and final specifications
- ☐ Documentation availability, validity, scope and order applicability
- ☐ Sample scope, quotation and timing
- ☐ Minimum quantities and commercial terms
- ☐ Production, inspection, packing and shipment arrangements
